Michelle,

I have been out of the office this last week, I am working toward conducting this assessment as soon as I can. Should have something by early next week.

Thanks,

Hi Justin and Marta-

Have you all compiled the historical AQS data from Hamilton and Butler Counties for the AK Steel assessment? If so, I would be interested in all data collected in the area over the history of the operations and any relevant met data to help interpret it.

Thanks  
Michelle
